Matt loves camping, running, reading, and watching movies. Raised in Bellefonte, Pennsylvania, Matt attended Penn State and studied communications. Although he was raised in a Christian home, he first fell in love with Christian community during his first year of college. Through RUF, Matt grew in his love of Scripture, prayer, and service, while learning alongside friends and mentors what it looks like to pursue Christ in all things. As an intern, Matt is excited to share the love of Christ with the students of Millersville and watch God grow the community there. After the internship, he plans to attend seminary and later become a campus minister.
